We had our daughter, Anais, debut (18th birthday) here this summer and we were very pleased with everything. I visited five venues before I found Vista Valley Country Club. As soon I walked in I fell in love with the place. The ceremony site is gorgeous and the food was delicious and the staff was exceptional. Philip and Kristine was accommodating, professional and pleasant to work with. They went above and beyond to make my daughter's event, a day she will always cherish! Thank you VVCC!!

We recently had our wedding at Vista Valley Country Club. My husband and I knew Vista Valley Country Club would be the location of our wedding after seeing the ceremony site. The ceremony site took our breath away. The ceremony site is located off the golf course below the country club. The ceremony site is secluded and contains beautiful French gates that open to a beautiful site containing a long aisle way made out of cobble stone, a cobble stone foundation, a pond, and an altar below olive trees. The ceremony site looks like an enchanted garden.

The country club is absolutely beautiful too. The country club has an old world and lodge ambience. The country club is spacious and has many rooms and locations to host all different elements for your wedding or special occasion.

We loved the beautiful chandeliers in the dining room along with the 180-degree bar overlooking the golf course. The country club also had a large fire pit and an incredible fireplace located on both sides of the dining room. We used the large fire pit area for our cocktail hour and the fireplace space for our cigar and bourbon bar. Finally, the bridal suite was so spacious and gorgeous. We used the bridal suite room to for our hair and makeup artist and the room across the way to hang out, store our items, and eat our meals. The set up was perfect for us.

Vista Valley Country Club has incredible food. The appetizers and our main entrees were so delicious. The venue also had a great selection of wine, beers, and spirits.

I would highly recommend Vista Valley Country Club for your wedding or special occasion. This venue is truly a fairy tale place.

Finally -- An amazing venue with an incredible staff! Vista Valley Country Club is hands down the best place to hold your next event! I was a wedding coordinator for 2 years for the Navy, have coordinated hundreds of weddings, and worked with every imaginable vendor, so it is very hard to impress me. In all these years, I have never found another place that measures up to Vista Valley by providing clients with so many possibilities, incredible decor, all with such a high caliber/quality staff! Our event coordinator, over achieved in every possible way. Always friendly, professional, and helpful, she made sure that everything was perfect! This lady knows how to work with people and brings out the very best in her staff! She delivered on every level -- truly a gem! Sue was our day server, and provided amazing care. We had plenty of drinks and refreshments for a very large wedding party, and she refreshed them constantly -- without being an interruption...a difficult accomplishment considering the number of people, photographers, and general hustle and bustle that happens preparing for a wedding. Brenda

was the night supervisor and managed our service during our plated dinner. You could tell her team of servers liked and respected her! I overheard her speak to her staff during prep time, and she was so respectful of them, detail oriented and focused, reminding her team to do their best and provided them with all the information they needed for the upcoming order during dinner service. WOW! They were amazing! The food was great, looked beautiful, servers were attentive & receptive to assisting me with any requests, and our wedding party could focus on having a lovely time. I could go on and on...I just feel it is so important to share all the good things with you all since it is so rare to find a business that gets it...that customer service & customer experience is really important...especially during a family event. I will absolutely host another event here....and will add some pictures once we get them back from the photographer. A heartfelt thanks to everyone in the team who made our time at Vista Valley Country Club so very special!

I came here for my friend's wedding. It was absolutely beautiful. I would have never known about this hidden gem. From the grounds, to the staff, to the food everything was amazing. The staff was pleasant and very attentive. The crab cakes, shrimp, and chicken were delicious. The steak was one of the best I've ever had. The bathrooms were very nice, and clean along with the bar.

Let's just talk about this hidden gem. If you are looking for a wedding venue, Please, Please do yourself a favor and check this venue out. VVCC was so much more than just a wedding venue at a golf course. Before contacting them to set up an appointment, my family and I had been to numerous other venues. All beautiful, but all missing something. VVCC is a very special place. It's tucked away, which is why we call it our hidden gem. From the moment you get to the doorway, you almost become speechless. The reception/clubhouse area is stunning, but the ceremony area is where you get your breath taken away. There is already so much of a natural, beautiful element to this location that it does not require frill upon frill to make it "look" like a wedding. The wedding manager, is AMAZING. I would be friends with her IRL if I could. She knows weddings and her venue inside and out. Probably one of my favorite people throughout the entire process. The entire staff though, is top notch. My wedding was so far beyond what I imagined. I cannot tell you how many people told me it was the most beautiful wedding they had been to and I myself was stunned. Choosing a venue for your wedding is one of the BIGGEST parts and you are in contact A LOT with them. VVCC could not have been a more perfect place. Everything from emails/phone calls, parking, THE FOOD (amazing!), the bridal suite (it will blow you away), the staff, the rehearsal - it's the complete package. I also used multiple people from their preferred vendors list and they were all fabulous. After the experience that I had, I want all other brides and their families to have the same pleasant and stress free experience that I did. It's worth it!! THANK YOU to this entire venue for making my wedding so incredible!

I had my dream wedding here last October! I originally wanted to get married in a French castle in France, but my husband said it wasn't feasible since his grandparents could not travel far. :(Thus, I was on a search for a local venue that could accommodate my wedding aspirations. After doing tons of research on venues in LA and OC, I came across this little gem in San Diego that blew everything out of the water. I was super excited to find out that the owners of the venue newly renovated the country

club and imported several items from France. Upon my first tour to the venue, I knew right away it was the one. The venue is absolutely breathtaking and it was designed to look like a French chateau. It was everything I was looking for and more. Our guests at our wedding even complimented that it was the most beautiful wedding they ever been to. Here's the thing, there are a lot of beautiful wedding venues in So. Cal, but a lot of the venues, although have tons of characters look really run down and dated inside. This is what made VVCC stand out from the rest. Not only did it have so much character from the outside but it was so gorgeous, clean and brand new feel in the inside of the venue.

Another highlight from selecting this venue for our wedding was the caterer in-house. Although the menu selection is on the higher end for pricing, the quality of food was one of the best I ever had at any wedding. And I'm not just being biased because it's my wedding.

We recently held our daughter's wedding at Vista Valley Country Club.

What an incredibly beautiful venue. Wonderful hospitality, attention to detail, they anticipated our needs, delightful decor, friendly service staff, extraordinary and unique wedding venue and delicious, awesome food!

The ceremony venue was extraordinary and memorable and the wedding coordinator saw to our every need. It helped that we had the most beautiful November day!

Thank you to everyone who made our day so special!

My husband and I both fell in love with Vista Valley the moment we walked in. The venue is absolutely breathtaking. I loved the natural beauty of the ceremony garden and the rustic vibe of the clubhouse was just what we had envisioned for our wedding. They were super receptive and helpful when it came to us wanting to visit several times. Having a bridal suite and groomsmen library on site to get ready in was definitely a plus. Their service and their food during the bridal party's getting ready time was also top notch. The view at sunset was stunning...the food was delicious...and the staff was wonderful. Everything went smoothly the day of the wedding thanks to Kristy and her team. I couldn't have been happier with our choice!

After touring at least a dozen venues in the San Diego and Orange County area, we selected the Vista Valley Country Club to host our wedding. The natural setting, blossoming rose bushes, the flowing creek and pond, gorgeous French antiques, and pristine, regal club house made us like Vista Valley Country Club. However, what sealed the deal for us was the site's AMAZING wedding coordinator, Christina. Both during the initial tour, throughout the planning process, and on our wedding day, Christina was easy-going, sweet, and tremendously competent, organized and professional. Christina and this venue have a "make it work" philosophy, meaning that if the couple desires something for their wedding, VVCC

will bend over backwards to see that the couple gets their wish. They truly want to make each wedding perfect and exactly what the couple wants. VVCC only hosts one wedding each weekend, and the club is closed to members the evening of the wedding. This appealed to me, as some venues host multiple weddings the same day and it can feel like a cattle call. The food at VVCC is delicious and feels like a 5-star meal, as opposed to catered food. They also have a nice variety of wine. While we opted to have both our reception and ceremony outdoors, the VVCC has a beautiful clubhouse that was recently restored to look like a French chateau. The owners are collectors of French antiques so there are antique gems throughout the property. The wedding ceremony site is behind large French-imported gates, in a rose garden. It feels far away from the world and was the perfect setting for the mood we wanted to set. The bride and groom dressing rooms are far and away the nicest, largest rooms that I saw at any venue. There is a Juliet balcony in the bride's room, as well as a private room for the bride to prep and a larger room for other women to get ready. The groom's room is designed as a library, and feels very "manly." Having such beautiful space to spend the better part of the day in was a huge plus! While the venue is not inexpensive, I think it is a great deal compared to other venues we looked at nearby. In sum, I feel extremely lucky to have found the "hidden gem" of California wedding venues, Vista Valley Country Club, and can't imagine a more perfect site to hold a wedding!

This venue is beautiful and the price is unbeatable. We searched high and low for a rehearsal dinner venue and all were out of our price range for the amount of people we needed, until we found this place. They have an indoor and outdoor room depending on your party size and they even set up the little bit of decor that I brought. The food was amazing and we got to hang out and enjoy the place into the evening. To enjoy the Club you have to be a member unless you are using it for an event like we were so it felt very exclusive to be able to have our dinner at such a beautiful and fancy place!

This venue is the absolute best in San Diego! After viewing 4 other venues and being incredibly disappointed for what you received at each (for quite a chunk of change), we heard about Vista Valley from a friend who had attended a wedding there years ago. It had since been completely renovated, and it is absolutely stunning. The value here is incredible! The ceremony site is outdoors, surrounded with lush greenery and a large wood arch. There is a TON of space for photos with family and friends, and behind the ceremony site has some really beautiful spots. The inside of the country club is so well done, it is just gorgeous. Pictures don't do it justice. They really spent a lot of time to make this place beautiful. We felt like we didn't have to spend as much on décor, because the venue was so gorgeous already! Tanya, our coordinator at VVCC, was awesome. She was very responsive and helpful in organizing our day. It went perfectly! The country club is definitely a more secluded venue, but it felt private and spacious and was exactly what we wanted. I am hoping I'll get to attend another wedding there in the future!!

Shelby – 

This venue did not disappoint. It is a hidden gem. I grew up in the area and had been to it multiple times for family dinners but had not been in a few years and since then they have completely renovated this place with items from all over France and Europe. IT IS TO DIE FOR!

Beautiful outdoor ceremony site. Grass seating, beautiful wooden pergola, water fountains and tons of trees for a woody feel. The area got shaded so our guests didn't have the sun in their eyes which was nice. There are these beautiful massive French gates at the entrance of the ceremony site that offer a rustic flair. The reception site is massive. Comfortably fits 175 guests we were able to fit 180. There is a separate bar area which allows guests to hang out during cocktail hour which has two adjoining patios with fire pits. We had our photo booth in this area which allows guests to spread out during the night and not feel confined to their table or crowded. The reception has massive chandeliers hanging from the ceiling and all of the decor is tastefully ornate. The bathrooms also are something our guests raved about because of how clean, pretty and large they were. The food is provided by the chef on site and they have a wonderful menu to choose from. All of the food was delish! During the morning you can arrive at 8am to start getting ready! Good luck finding a place that can let you in that early. It was so nice to spend the whole morning getting ready, eating and relaxing before the wedding. And the space for the girls to get ready is massive.

Kristy & Laura - Thank you x1000 for all of your great help and support leading up to our wedding and on our wedding day!! Jordan and I cannot thank you and the staff enough. Attached are some sneak peaks we received from our photographer I thought would be nice to share with you!

Amazingly beautiful venue with very special outdoor ceremony site, fantastic cocktail hour bar and patio space , and a great indoor reception area...the best of all worlds! Great staff, chef, service, and overall experience from start to finish...LOVE this place.

The second I toured Vista Valley Country Club, I KNEW I had to get married there. I literally cried after visiting because it was so beautiful, and I couldn't picture myself getting married anywhere else. From there on, Laura and Kristy were dreams to work with. Laura helped make sure I could secure my wedding date before anyone else snagged it, and patiently worked with me as I figured out some of the higher level details with her and my mom. Kristy was with me and my mom every step of the way as well, as we scheduled many visits to tour the venue with various people, did our food tasting, etc. She never complained and was always so kind. We are definitely planners and have a lot of

questions, and she responded with ease and never made us feel like a burden throughout the 11 months of our engagement. She and Laura had such an attention to detail, that I knew everything would be great our wedding day. The rehearsal the night before was so smooth, and Laura did a great job of coordinating all of us and making me feel so comfortable and ready to get married the next day. Little did I know that Kristy was off driving all over San Diego to make sure I had the right linens for the following day - a true testament to the kind of customer service Vista Valley offers! On my wedding day, both Laura and Kristy were there every step of the way, making sure everything went smoothly and checking on me at different moments. Any time I needed anything (like the AC turned on) they were quick to accommodate, and I knew I never had to worry about a single detail with them! They also worked with my day-of coordinator beautifully, so I knew I had all of my bases covered. The food was incredible and so delicious, the wait staff was kind beyond belief and always present if anyone needed anything, and the venue itself was stunning for our wedding. The thing I've received the most compliments on in the month since our wedding is just how gorgeous the venue was. It is truly a hidden gem for brides in San Diego, and I could not recommend it enough for any event. I am so grateful I found Vista Valley Country Club!! They helped me have the wedding of my dreams and I will be forever grateful!

My daughter was married at Vista Valley Country Club this month and the event was flawless! Laura and Kristy worked quietly behind the scenes to allow our family and friends to enjoy the idyllic outdoor wedding site and the reception and dinner which followed. Hors d'oeuvres and wine around the fire pit followed by sumptuous food and delicious wines served in the comfort of the club dining room. High ceilings, chandeliers and great views accompanied the dinner and the service was spot on! A HIGH recommend from a delighted family!

Kayln - 

Best venue I have ever been to! We got married here and it was like a fairy tale! The staff was so wonderful to and catered to making it a perfect day 10/10 recommend to anyone who is looking to get married!
